# MAKE-UP /RETAKE PICTURE DAY IS COMING

## Blossom Hill Elementary School Thursday, November 18, 2021

### Did your student miss picture day?

Ask your teacher to send your student to the camera to have their portrait made.

To place an order, order online at [LMSEP.com](https://LMSEP.com). Order from your school's Make-Up Day gallery with the date above, not the original day, and within two days after Make-Up Day to receive your portraits at school. Online ordering is available after Picture Day, but may incur shipping and handling charges.

### Or, are you unhappy with your first day portraits?

Return the original photo package with your student and we will gladly re-take their portrait at no charge. Please email [Support@LMSEP.com](mailto:Support@LMSEP.com) to request a re-take. A brief note written on the outside of your order envelope detailing your reason for re-take request will help us provide a more satisfactory portrait.

On picture day, all State and CDC recommended protocols will be followed including requiring our photographers to wear face coverings, ensuring safe distancing and disinfecting surfaces.

### Tips for a Great Picture Day!

So the focus is on your child's beautiful face, select clothing that fits your child's personality and they are comfortable in. Solid colors are less distracting than busy patterns, stripes or logos. Keep accessories simple. Let your kids know to relax and our photographers will work do their best to get their most natural, happy expressions.

### Order Online:
